Director's Meeting

Monday, 30 July 1951

Mr. Wisner reported that [] sent back a full report on his findings in Thailand.

□ HR70-14

Mr. Wisner gave the DCI a list of promotions of service personnel in both OPC and OSO. Mr. Wisner feels we have done very well.

Mr. Wisner discussed at some length the deteriorating relationship between OPC and Secretary Pace and General Collins. He feels that General Collins is constantly being needed by General McClure's organization and his own Indians. Mr. Wisner mentioned a memorandum in which General Collins expressed concern over the lack of CIA planning for retardation and stressed the fact that [] had answered this in excellent style. The DCI mentioned that to some extent we could control General Collins by having the NSC put a time limit on the [] Paper. The Director further stated that he would take the whole matter up with General Marshall. Mr. Wisner, before the end of the week, will have a paper prepared for the DCI setting forth various important points in our troubles with the Department of the Army.

Mr. Wisner will see Secretary Pace and feel him out as to what is really going on in the Department of Army in relation to OPC.

[] said that he had cancelled AD's Meeting for this morning on account on the special IAC Meeting. The Director has agreed to have an AD Meeting Tuesday morning at 11:00 o'clock.
